

ÜMMÜ BEYZA ŞİMŞEK

Junior Web Developer

u.beyza.simsek@gmail.com

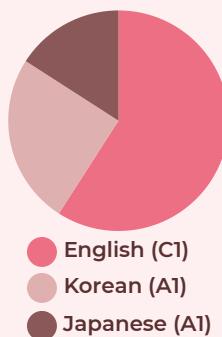

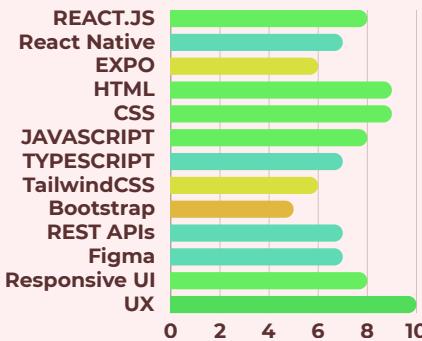

About Me

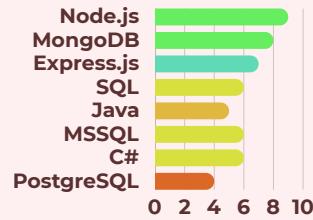

Curious and solution-oriented Computer Engineer and Fullstack Developer with a strong frontend foundation in React.js and modern JavaScript, alongside hands-on MERN stack and backend experience. Graduated 2nd in my faculty with a GPA of 3.77/4.00. I prioritize clean code, UI/UX principles, and technical problem-solving while building user-focused and high-performance web applications.

Skills

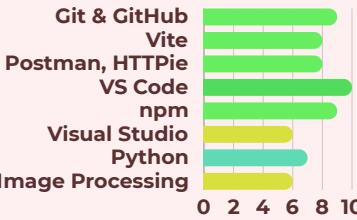

Frontend

Backend

Tools & Others

Projects

🚀 Teknofest Finalist — Game Design & UI/UX

Contributed to UI design and basic game mechanics for a finalist-selected game project.

Tech: Unity UI, Canva, UX
